PET Writing Part 3 – letter

Task: In your next letter , tell me what kind of clothes you like wearing . Tell me what you have bought recently.

Dear Mary,

you asked me what I like wearing. Well, I usually wear jeans and t-shirts because they are wonderful and comfortable. Before I used to wear dresses or shirts but now I don't like them very much.

Last week I was walking by myself and I saw an amazing red sweatshirt in a shop window. I couldn't resist: I bought it! The shop was really nice so maybe I will go in it next week. I want to show you my new sweatshirt. I hope we can meet soon and go shopping.

I look forward to hearing from you.

love, Grazia

Comment:

The student has answered the questions outlined in the task appropriately and using the correct word length (98 words). Good use of adjectives (amazing, comfortable) and excellent range of tenses (used to, past continuous) The student also included a nice expression (I couldn't resist). The letter was also structured correctly with good opening and closing lines, paragraphs and connectors (so). Overall, an excellent piece of writing for PET level.
